This is a call for articles for the forthcoming number of the *journal of humanities and social sciences* (ISSN 0973-8737), an international refereed journal annually published by the Scottish Church College (Estd. 1830), Kolkata, affiliated to the University of Calcutta.

The next issue will be published tentatively in October 2023.

The theme of the forthcoming number of the journal would be “**Service-Learning: Innovative Pedagogy Creating Educational Reform and Social Transformation**”. One of the active and expanding pedagogies around the world is Service-Learning (S-L), which deepens educational outcomes aligned with social action. S-L advocates for a more comprehensive education for students that includes not only academic learning but also community engagement and continuous reflections.

The number invites articles that review the diverse components of Service-Learning, tracing the development of the pedagogy, the diverse institutional contexts, theoretical/ disciplinary orientations, research based student outcomes across academic learning, career and professional preparation. Contributions are invited from all disciplines of social sciences and humanities to raise issues emphasising the impact, challenges and the opportunities related to the contribution of Service-Learning towards educational innovation.
