College Hymn

O God, our help in ages past,
Our hope for years to come,
Our shelter from the stormy blast,
And our eternal home.

Under the shadow of Thy throne
Thy saints have dwelt secure;
Sufficient is Thine arm alone,
And our defence is sure.

Before the hills in order stood,
Or earth received her frame,
From everlasting Thou art God,
To endless years the same.

The hymn was originally part of The Psalms of David Imitated in the Language of the New Testament, published by Isaac Watts in 1719. The hymn tune "St. Anne" (common metre 86.86) to which the text is most often sung was composed by William Croft in 1708. Watts wrote "Our God, Our help in Ages Past" as a paraphrase of Psalm 90. His desire to write the hymn was born, in part, out of his dissatisfaction with the church music of his day. His hymn gives a grand commentary on the subject of time and how God stands above human time. In 1738, John Wesley changed the first line from "Our God" to "O God."

A thousand ages in Thy sight
Are like an evening gone;
Short as the watch that ends the night
Before the rising sun.

Time, like an ever-rolling stream,
Bears all its sons away;
They fly forgotten, as a dream
Dies at the opening day.

O God, our help in ages past,
Our hope for years to come,
Be Thou our guard while troubles last,
And our eternal Home.

History of The College

Rev. Dr. Alexander Duff of the Church of Scotland and his fellow missionaries with the help of Raja Rammohan Roy, the well known social reformer, founded in 1830 the General Assembly's Institution, and in 1844 the Free Church Institution, later named Duff College. They united in 1908 to form the Scottish Churches College that was renamed in 1929, with the union of the churches in Scotland, as the Scottish Church College.

The administrative control over the College was exercised by the Foreign Mission Committee of the Church of Scotland till 1953 and was then vested in a local Council consisting of representatives of the Church of Scotland and the United Church of Northern India which joined the Church of North India when it was formed in 1970 making it the successor de facto and de jure. The College being of the Christian foundation is a religious minority institution within the meaning of Article 30 of the Constitution of India. The College is affiliated to the University of Calcutta.

Aims and Objectives

The aim of the College, as that of its founder, is primarily to impart liberal education pervaded by the universal principles and spiritual and moral values based on the life and teachings of Jesus Christ; also to produce intellectually sound, morally upright, socially concerned and spiritually oriented men and women to be of service to the nation.

Estd : 1830

Meaning of the College Crest NEC TAMEN CONSUMEBATUR “The bush burns, but is not consumed”

The College logo is an allusion to the experience of Moses when he ascended “the mountain of God”, Mount Horeb and found himself in the presence of the Divine.

Exodus 3:2 in the Old Testament reads thus : “And the angel of the Lord appeared unto him in a flame of fire out of the midst of a bush : and he looked, and, behold, the bush burned with fire, and the bush was not consumed.”

When Moses approached to investigate this phenomenon “God called unto him out of the midst of the bush” and said : “Draw not hither : put off thy shoes from off thy feet, for the place whereon thou standest is holy ground.”

God manifested himself to Moses in the form of a dazzling light that made the bush burn without scorching it. This is symbolic of the power of Divine Light which is the Ultimate Truth, the source of all knowledge and wisdom. This knowledge does not destroy or corrode; rather it enlightens the mind, irradiates one's entire being, sublimates the soul, illuminates one's life, changing it forever. Moses' life was radically altered by his encounter with this light. So can ours be when we approach the burning bush.

Mission and Vision

Vision Statement:

Empowering students to become intellectually sound, upright in values, virtuous and socially concerned to contribute as future leaders of the Nation by fulfilling their academic passions through liberal education and spiritual zeal.

Mission Statement:

To provide ideal learning environment conducive to a missionary approach wherein students from diverse social, economic and ethnic backgrounds grow together in mutual respect by integrating skills and values in a well-balanced curriculum imparted through high quality creative instructions to realize their highest potential.

Core Values:

- Academic Excellence and Integrity;
- Outstanding Teaching and Service Orientation;
- Individual and Collective Excellence;
- Diversity, Mutual Respect and Social Justice;
- Scholarly Attributes and Professional Leadership;
- Awareness of Missionary and Spiritual Zeal;
- Developing Physical and Mental Health and Decision Making

Institutional Definition of Whole Person Education:

Scottish Church College, a Christian Minority Institution, is an affiliated college under University of Calcutta. Since inception, the college has made its mark in imparting liberal education with moral values to students so that they can be intellectually sound, morally upright, socially concerned and spiritually oriented.

Religious Instruction and Worship

A plethora of Christian activities are conducted by the college beginning with morning worship in the Assembly Hall from 9:40 am everyday and Scripture classes at 9:20 am every Wednesday. A Scripture Test is held in the month of February every year. Free copies of the Bible/New Testament are made available to the students. The College organizes Educational Sunday and Christmas Carol for all educational institutions connected with Duff Church every year. The College regularly participates in the Kolkata Christmas Festival organized by the Govt. of West Bengal in Allen Park, Kolkata. The College also participates in programmes organized by SCMI (Students' Christian Movement of India). The College Annual Retreat is held in the month of October every year - a day of coming together through prayer and devotion. The Scottish Church College Annual Christmas Concert is held in the month of December every year; a grand event showcasing the talented College Choir. Finally, senior students get an opportunity to interact with students from outside Kolkata, e.g. a visit to Bishop Heber College, Tamil Nadu, where they go under the banner of the AIACHE (All India Association for Christian Higher Education).

To ensure safety and health of the staff, students and teaching-learning communities all over the world, the college has initiated an evening prayer-service on Fridays at 7p.m. It includes theological reflections, prayer and sharing the Word of God to one and all.

The College Chaplain, Rev. Martin Pakhare leads the evening prayer meeting: he is a quintessential part of all Christian activities of the college.

Formal teaching and worship of a non-Christian character are not permissible at any time within the premises and/or the compound of the College or its hostels.

Internal Management Committee (IMC)

The IMC is constituted by the Council of Scottish Church College to look after day-to-day administration of the college. The committee has representation from all sections of stakeholders who participate in the decision-making process involved with the running of the institution on a daily basis. The decisions are noted and maintained on a regular basis in the Minute Book of the IMC. The IMC comprises of the following members:

Dr. Madhumanjari Mandal Principal
Dr. Supratim Das Vice-Principal
Dr. Bidisa Sinha Senatus Secretary
Dr. Rajyasri Ghosh Bursar
Dr. Samrat Bhattacharjee Coordinator, IQAC
Dr. Amitava Roy Teachers' Council Secretary

Internal Quality Assurance Cell (IQAC)

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality upgradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. In order to pursue this the college constituted its IQAC Cell on 15.09.2004. Under the aegis of the Cell the college underwent NAAC accreditation in 2014 securing 'A' grade. The IQAC cell is continuously working for the academic and administrative upliftment of the college.

Vision of IQAC

To ensure quality culture as the prime concern for the Higher Education Institutions through institutionalizing and internalizing all the initiatives taken with internal and external support.

Objective : The primary aim of IQAC

- (1) to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution
- (2) to promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalisation of best practices.

Alexander Duff Memorial Lecture

From 2013 the College has begun holding an annual lecture, dedicated to the memory of its founding father, Dr. Alexander Duff, to be delivered by an eminent personality. In the fitness of things, the First Alexander Duff Memorial Lecture, held on 13th July 2013, as part of the 184th Foundation Day Celebration, was delivered by the then Governor of Odisha and our alumnus, Dr. S.C. Jamir.

The Second Alexander Duff Memorial Lecture, held on 14th July 2014, was delivered by Sri Jawhar Sircar, the then CEO, Prasar Bharati, Government of India and acclaimed social historian.

The Third Alexander Duff Memorial Lecture, held on 25th August 2015, was delivered by Dr. Bikash Sinha, Indian National Science Academy Emeritus Scientist and Former Homi Bhabha Professor, DAE, Former Director, Saha Institute of Nuclear Physics and Variable Energy Cyclotron Centre Kolkata, on the 'Neoteric Culture of Education'.

The Fourth Alexander Duff Memorial Lecture was held on 24th March 2017. The lecture was delivered by Prof. Uma Dasgupta, a distinguished historian and leading expert in Tagore Studies, on 'Vidya or Siksha: Situating Rabindranath Tagore's Ideas on Education'. She taught at Jadavpur University, Visva Bharati University at Shantiniketan and Indian Statistical Institute, Calcutta. Prof. Dasgupta also served the United States Educational Foundation in India as Regional Director for Eastern India.

The Fifth Alexander Duff Memorial Lecture was held on 12th September 2017. The lecture was delivered by Dr. Palash Baran Pal, eminent physicist of Saha Institute of Nuclear Physics, an Emeritus Professor in the Physics Department, University of Calcutta, a writer, a linguist and a poet. He spoke on the 'History and Mystery of Calendars'

The Sixth Alexander Duff Memorial Lecture was delivered by Dr. Sekhar Bandyopadhyay, Professor of Asian History and Director, New Zealand India Research Institute, Victoria University of Wellington, New Zealand and one of the finest historians of our time on 12th March 2019. The title of his lecture was, 'The Long History of Partition and Migration in Bengal, 1947 - 1956'.

Braving the odds caused by the global pandemic, the college successfully organised the Seventh Alexander Duff Memorial Lecture on 18th December

2020 on a digital platform. Prof. Dipesh Chakrabarty, the Lawrence A. Kimpton Distinguished Service Professor in History, South Asian Languages and Civilizations at the University of Chicago, USA, delivered the lecture for 2020-2021. The title was not only interesting, it was highly intriguing too: 'The Planetary Age in Human History'. His focus was on the contradiction between the Nature and modern technology. Prof. Chakrabarty described man as a "geo-natural force" in the transformation of Nature. For man has the power of technology to change the face of the earth and the Nature. Man is the manipulator of the globalised world which has over the years expanded and encroached on Nature. We are living in a technology-centric civilisation which can make robot bees to carry on artificial pollination. Is this mechanical civilisation our destiny then?

National, International Linkages & Collaborations

Scottish Church College has been maintaining National and International linkages with various reputed institutes and organisations. The college is a member of the All India Association for Christian Higher Education (AIACHE). The college participates in various AIACHE programmes and deputed faculty members to attend them. The college is a member of the United Board for Christian Higher Education in Asia (UBCHEA) since 2008. The United Board (UB) has funded many of the projects that the college has carried out viz a Medicinal Plants Garden, some related to Environment Action and Faculty Development. Recently the college has received funding from the United Board to develop infrastructure to equip the college to face the challenges of teaching-learning in the pandemic. Various faculty members from the college are regularly participating in the United Board sponsored programmes. Some of these programmes took place in Madras Christian College, Lady Doak College, Bishop Heber College, Karunya University, Asian University for Women (Bangladesh), Chinese University of Hong Kong, Singapore Management University (SMU) etc. Currently UB is emphasizing on Service-Learning (S-L) and Whole Person Education (WPE) programmes and the college has deputed faculty members to be part of the project.

The college had signed an MoU with the West Bengal State University and SHER (NGO) on 30th June 2019 to conduct a certificate course on Biodiversity and Wildlife Conservation in Changing Climate. The first such course has been successfully completed. Recently in June 2021 another MoU was signed with the International STEAM Research (ISR) to take up internship programmes for the students of Teacher Education department for placement in various schools across India and abroad. A few such collaborations and MoUs are in the pipeline. The college plans to continue with this initiative and plans to take up such collaborations with other institutes/ organisations.

Best Practices of the College

- 1. Green Initiative in the Campus:** The college has promoted a variety of activities to help protect the environment and sustain its natural resources. The college is a no smoking zone and is also a plastic free campus. The college has partially paperless office and e-library. The college has addressed its waste disposal problem by vermicomposting. The solid wastes generated from the college canteen are used in vermicomposting pits to generate compost which is used in college gardening purpose. Also in the area of water conservation the laboratories have their runoff water attached to tanks. The stored water is used for the same purpose. The e-waste generated in the college is managed by a company Hulladek. The liquid wastes are collected and recycled by a company Ramki. The Department of Microbiology makes use of certain specialized bacterial isolates for treatment of dye waste water produced during specimen staining. During rainy season we collect the roof rain water through filter fitted pipes in a reservoir and use it later during fire drill, washing the roads and gardening purpose. Currently the college has taken an initiative to construct rainwater harvesting structure at premises no 3 Urquhart Square. The college has installed solar panels on the roofs which generates 900kW/month energy. The college has also installed LED facilities in the classroom, seminar room and examination room of the main campus and also in the Jubilee building.
- 2. Faculty Development Initiatives:** The college is committed to take up initiative to deliver quality education to the students. Keeping in tune with the changing education scenario the college has adopted various initiatives to continuously upgrade the faculty members through various Faculty Development initiatives (funded by the College and UBCHEA). This is a continuous effort of the college.
- 3. Students' Activity Clubs:** The college successfully runs Students' Activity Clubs for engaging the students positively and give them an opportunity to nurture their extra-curricular talents. The activity period is included in the master routine of the college and on Activity Day the students showcase their talents through competitions and stage performances. The clubs regularly send students to participate in various inter-college extra-curricular competitions.
- 4. Staff Welfare Fund:** The Teachers' Council of the college maintains a separate Staff Welfare Fund. Every month each teaching staff contributes to the fund. The fund is exclusively maintained for medical exigency of teachers.
- 5. The college aims to provide equal opportunity to everyone including persons with disabilities and hence provides facilities like ramps, rails, lifts and disabled friendly washrooms to ensure a barrier free environment for differently abled persons. The college provides an inclusive environment for all the students and staff coming from diverse socioeconomic and cultural background. The Institution has a prescribed code of conduct for students**

and staff which is monitored by special committees.

- 6.** The college also organizes professional ethics programmes for students and staff members, celebrates several national and international commemorative days, events and festivals throughout the year with an aim to inculcate human values among everyone.
- 7. 'Sabuj Mon':** One of the remarkable best practices of the college is running an informal school 'Sabuj Mon' for poor and underprivileged children from neighboring slums in the College ground at Bagmari. The school is mainly supported financially by teaching faculties of the college. Apart from remedial classes, the children are also encouraged to participate in various co-curricular activities. During pandemic situation the college teachers generously donated to support the families of these children through out the entire lockdown period.
- 8.** Given the prevailing pandemic the college has decided to waive the college fees for all upcoming semesters for the students who have lost either of their parents or both due to Covid-19.
- 9. Covid Protocol Strictly Maintained:** In collaboration with a reputed clinic the college has made arrangements to vaccinate the teaching and non-teaching staff. To prevent the spread of Covid 19, the college follows temperature checking at the college entrance, hand washing and respiratory etiquettes, physical distancing, wearing mask, regular sanitisation of the college premises and spreading COVID awareness by organising webinars for staff and students.

Dr. Shampa Bhattacharyya of Botany Department and Dr. Sebanti Basu of Chemistry Department are members of the Board of Studies of the respective PG departments of the Calcutta University. The Board of Studies frame the syllabi, appoint functionaries for conducting processes and monitor the teaching methodology.

The college's first batch of post-graduate students passed out in the M.Sc. Part-II Final Year Examination in June 2007. They were awarded the Degree Certificates by the then Vice-Chancellor, University of Calcutta at the First Commencement Ceremony (Convocation) held in the College in 2007.

In 2017, for the 11th Commencement Ceremony, Prof. Siddhartha Roy, Director, Bose Institute, Kolkata, was the chief guest and gave away the certificates.

Initially, the College started post-graduation courses in Botany and Chemistry with Autonomous Status in collaboration with Calcutta University, from the 2005-'06 academic session, but from 2018 onwards, the 2-year 'Master of Science' programme (under CBCS) for four (04) consecutive semesters of six months each, i.e. two (02) academic years has been implemented by Calcutta University.

Philosophy Department:

Department of Philosophy, started offering an Add on course for Semester IV students from the Session 2020-21. The course is on Gender Sensitization Coordinated by Dr. Varbi Roy.

There is no course Fee and the duration of the course is of 30 Hours (synchronous + asynchronous). Eligibility for Certification: 75% Attendance and 60% score in Assessment

Objectives of the course:

The course is designed to sensitize the students regarding the issues of gender and the gender inequalities prevalent in society. It aims at raising and developing social consciousness among the students. Students are expected to initiate the gender perspective in all the issues of their daily life. The course will develop capacity building among the students to enable them to engage in policy decisions to remove gender biases in all fields of life in the process of gender equality for nation building.

Physics department:

For the session 2021-2022 Department of Physics is offering two special programmes:

- I) A training programme to help students for different Competitive Entrance Examinations to enter higher studies in Physics. This course will be for a period of about 1 year 6 months and will be open in particular for Physics students. However any student who wishes to pursue the course can do so. There is no course fee. The coordinator is Dr. Joydip Mitra.

Objective of the Programme:

The main objective of the course is to guide students for the Entrance Examinations of M.Sc and Integrated Ph.D. courses of different renowned Institutions and Universities such as TIFR, IIT, IISc, IISER, NISER, HRI, ICTS, CU, HCU, BHU etc.

- II) An Add-on certificate course on Geometrical Optics under the guidance of Dr. Jayeeta Chowdhury will initiate from the current academic session

Objective of the Course:

The main objective of the course is to share some knowledge about the topic mentioned. The Physics of light is a vast topic, a part of which is Geometrical Optics. It deals with rectilinear propagation of light. In daily life we use many optical devices. Inquisitive students want to understand the mode of operation of these devices. This course will help to build a basic idea of Geometrical Optics and with that idea students will be able to understand the mechanism of many optical devices

Certificate Course on Biodiversity and Wildlife Conservation in Changing Climate:

The college also runs a Certificate course on Biodiversity and Wildlife Conservation in Changing Climate. The course is run in collaboration with the West Bengal State University and SHER (NGO). The course started from 2019-20 session. Course coordinators are Dr. Samrat Bhattacharjee (Zoology) and Dr. Malabika Chakraborty (Microbiology).

Objective of the Course:

The course is mainly aimed to deal with the contemporary issues on Biodiversity conservation and climate changes which is affecting life on earth. There are class lectures by eminent personalities and field visits to have an experiential learning. The course is open for all the students and a course fee is included.

The Scottish Church College Former Students' Association

Founded in 1955, the Association endeavoured to bring together all the former students who had passed through the hallowed portals of this great institution,

renowned for its tradition of liberal education, at a time when there was no access to social networking platforms which would have made communication easier. As a result, eminent personalities from various fields – social, cultural, administrative and the academia came together under one umbrella joined by their love and loyalty for their alma mater.

From a humble beginning, till date the Association has tried to help the College in many ways – by instituting annual awards in the name of two great alumni – namely, Swami Vivekananda and Netaji Subhas Chandra Bose – to be given to two distinguished former students; organizing other prizes to motivate current students; donating books as well as bookcases in the library etc.

The Association, founded in 1955 and formally registered in 1989, officially became an integral part of the College administration in 2018-19.

The responsibilities and challenges facing the Association are many and varied in today's dynamic academic scenario but through co-operation and sincere effort, we hope to fulfil the expectations of the College and our members.

A number of departments of the college have alumni reunions. The Chemistry, Economics, Political Science, Bengali, Botany, Physics, Philosophy and Microbiology Departments organize reunions bi-annually/annually. Other departments viz., Computer Science and Teacher Education are in the process of setting up their Departmental Alumni Associations.

Other Important Practices

Other important practices in operation in our college include Parent-Teacher Meets, regular departmental and inter-departmental seminars, value education and numerous academic extension activities by our teachers, all of which have contributed much to the development of the college.
