College Hymn

O God, our help in ages past,
Our hope for years to come,
Our shelter from the stormy blast,
And our eternal home.

Under the shadow of Thy throne
Thy saints have dwelt secure;
Sufficient is Thine arm alone,
And our defence is sure.

Before the hills in order stood,
Or earth received her frame,
From everlasting Thou art God,
To endless years the same.

A thousand ages in Thy sight
Are like an evening gone;
Short as the watch that ends the night
Before the rising sun.

Time, like an ever-rolling stream,
Bears all its sons away;
They fly forgotten, as a dream
Dies at the opening day.

O God, our help in ages past,
Our hope for years to come,
Be Thou our guard while troubles last,
And our eternal Home.

The hymn was originally part of The Psalms of David Imitated in the Language of the New Testament, published by Isaac Watts in 1719. The hymn tune “St. Anne” (common metre 86.86) to which the text is most often sung was composed by William Croft in 1708. Watts wrote “Our God, Our help in Ages Past” as a paraphrase of Psalm 90. His desire to write the hymn was born, in part, out of his dissatisfaction with the church music of his day. His hymn gives a grand commentary on the subject of time and how God stands above human time. In 1738, John Wesley changed the first line from “Our God” to “O God.”

History of The College

Rev. Dr. Alexander Duff of the Church of Scotland and his fellow missionaries with the help of Raja Rammohan Roy, the well known social reformer, founded in 1830 the General Assembly's Institution, and in 1844 the Free Church Institution, later named Duff College. They united in 1908 to form the Scottish Churches College that was renamed in 1929, with the union of the churches in Scotland, as the Scottish Church College.

The administrative control over the College was exercised by the Foreign Mission Committee of the Church of Scotland till 1953 and was then vested in a local Council consisting of representatives of the Church of Scotland and the United Church of Northern India which joined the Church of North India when it was formed in 1970 making it the successor de facto and de jure. The College being of the Christian foundation is a religious minority institution within the meaning of Article 30 of the Constitution of India. The College is affiliated to the University of Calcutta.

Aims and Objectives

The aim of the College, as that of its founder, is primarily to impart liberal education pervaded by the universal principles and spiritual and moral values based on the life and teachings of Jesus Christ; also to produce intellectually sound, morally upright, socially concerned and spiritually oriented men and women to be of service to the nation.

Meaning of the College Crest

NEC TAMEN CONSUMEBATUR

“The bush burns, but is not consumed”

The College logo is an allusion to the experience of Moses when he ascended “the mountain of God”, Mount Horeb and found himself in the presence of the Divine.

Exodus 3:2 in the Old Testament reads thus : “And the angel of the Lord appeared unto him in a flame of fire out of the midst of a bush : and he looked, and, behold, the bush burned with fire, and the bush was not consumed.”

When Moses approached to investigate this phenomenon “God called unto him out of the midst of the bush” and said : “Draw not hither : put off thy shoes from off thy feet, for the place whereon thou standest is holy ground.”

God manifested himself to Moses in the form of a dazzling light that made the bush burn without scorching it. This is symbolic of the power of Divine Light which is the Ultimate Truth, the source of all knowledge and wisdom. This knowledge does not destroy or corrode; rather it enlightens the mind, irradiates one's entire being, sublimates the soul, illuminates one's life, changing it forever. Moses' life was radically altered by his encounter with this light. So can ours be when we approach the burning bush.

Internal Quality Assurance Cell (IQAC)

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality upgradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. In order to pursue this the college constituted its IQAC Cell on 15.09.2004. Under the aegis of the Cell the college underwent NAAC accreditation in 2014 securing 'A' grade. In June 2022 the college went to NAAC assessment for 3rd Cycle and secured 'A' grade. The IQAC cell is continuously working for the academic and administrative upliftment of the college. The IQAC is in the process of preparing itself in the wake of introduction of Binary System of Accreditation as introduced by NAAC.

Vision of IQAC

To ensure quality culture as the prime concern for the Higher Education Institutions through institutionalising and internalising all the initiatives taken with internal and external support.

Objectives : The primary aims of IQAC

- (1) to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution
- (2) to promote measures for institutional functioning towards quality enhancement through internalisation of quality culture and institutionalisation of best practices.

As recommended by NAAC in 2022, the College has applied for Autonomy Status.

Ogilvie Building

“Unless the Lord builds the house, those who build it labour in vain” – Psalm 127:1

For more than a century, the Ogilvie Hostel stood as one of the defining institutions of student life at Scottish Church College, fostering generations of scholars, leaders, sportspersons, and public intellectuals. The hostel building was constructed in 1914 and was formally inaugurated on 5 July 1915 under the presidency of the then Principal, James Watt. Rev. J. C. Kydd was appointed as its first Superintendent. The hostel was named in honour of Rev. James Ogilvie (1811–1871), the first Principal of the reopened General Assembly's Institution. Born in Scotland and educated at the University of Aberdeen, he came to Calcutta in 1846 and devoted the next twenty-six years to the advancement of education in India. He passed away at Penang in 1871 while travelling for medical treatment, leaving behind a lasting legacy in the history of the institution.

In its early years, the Superintendents of Ogilvie Hostel were predominantly drawn from the Departments of Philosophy, English, and History. Prof. Satyapriya Biswas of the Department of Philosophy became the first Bengali Superintendent and served with distinction from 1936 to 1961. Among his notable successors was Prof. Tarun Sanyal of the Department of Economics, who served as Superintendent from 1971 to 1996. The last Superintendent of the hostel was Dr. Partha Halder, who served from 2019 until its closure in 2023.

Throughout its long history, Ogilvie Hostel nurtured generations of students who went on to distinguish themselves in diverse fields. Among its early residents were Umapati Kumar, the celebrated Mohun Bagan footballer; Rangin Chandra Halder, who later became Professor at B. N. College, Patna; Sajjanikanta Das, the renowned

writer and editor; and Jatindranath Dutta, who embraced monastic life as Swami Gambhirananda. In more recent years, the hostel was home to Dr. Kanak Saha, eminent astrophysicist, later associated with the Inter-University Centre for Astronomy and Astrophysics (IUCAA) and recipient of the Shanti Swarup Bhatnagar Prize. The list of distinguished residents is far more extensive, reflecting the hostel's enduring contribution to academia, literature, sports, public life, and spiritual leadership.

Life at Ogilvie Hostel extended well beyond academics. Alongside a vibrant sporting culture, residents actively participated in literary and cultural activities, organised flood relief initiatives, debated public policies, and engaged in discussions on contemporary social issues, including the eradication of untouchability. These activities fostered a spirit of leadership, intellectual curiosity, and social responsibility that became a defining feature of hostel life.

In 2021, Ogilvie Hostel closed its doors after more than a century of vibrant student life and tradition. The historic building has since been transformed into a modern academic facility, ensuring that while its function has changed, its enduring legacy continues as an integral part of Scottish Church College.

On Friday, the 29th of May, 2026, the Ogilvie Hostel was inaugurated as a new Academic Building of the College and dedicated by His Grace, the Most Revd. Dr. Paritosh Canning, Moderator, CNI & Bishop of Calcutta & President, Scottish Church College Council. It was followed by a Prayer of Dedication; the Clergy and Office-Bearers of the Diocese of Calcutta lead the Service – Rev. Martin Pakhare (College Chaplain), Rev. Abir Adhikari, Rev. Pradeep K. Nanda, Rev. Sorojit Biswas and Rev. Biswajit Biswas. The Principal, Dr. Madhumanjari Mandal; Secretary, College Council, Dr. Swapan Kr. Mukhuty; Vice-Principal, Dr. Supratim Das, several other Professors and College Council members took part in the dedication prayers. It was a holy service culminating in the Lord's Supper.

The Ogilvie Building will mark an important step in the creation of appropriate spaces for the challenging needs of modern education.

Innovation & Incubation Centre:

Kathakali Debnath Innovation Centre (KDIC) has been instituted by Mr. Goutam Debnath, in fond memory of his wife Ms Kathakali Debnath. Mr and Mrs Debnath were former students from the Physics department of Scottish Church College and proud alumni. KDIC was dedicated to the students and staff to pursue innovative research in science and technology on 06.09.2024

In a world where knowledge shapes destiny, the creation of a foundation for scientific innovation is not just a vision—it is a necessity. For the Scottish Church College students, driven by curiosity but constrained by limited resources or fragmented educational support, this KDIC foundation will serve as a launchpad for discovery. It will provide a structured, interdisciplinary framework that bridges theoretical learning with hands-on research, empowering students to ask bold questions, experiment fearlessly, and pursue answers that challenge the boundaries of what is known. By integrating mentorship, access to cutting-edge tools, and exposure to real-world scientific problems, we will nurture a new generation of innovators equipped to tackle the urgent and complex challenges of our time.

Our mission at KDIC is to democratize scientific opportunity and ignite the intellectual potential within every aspiring researcher, regardless of background. We believe that breakthroughs are born not only in elite laboratories, but also in the minds of passionate students who are given the right environment to think critically, collaborate deeply, and explore relentlessly. This KDIC foundation will be the catalyst—transforming classrooms into incubators of innovation and students into leaders of the next scientific revolution.

E-Cell

E-cell, the Entrepreneurship Cell at Scottish Church College, pursues the endeavour of sensitizing and fostering entrepreneurship amongst the students at SCC and also students from across the state. The cell is a facilitator for the leaders on the campus to follow their entrepreneurial passion.

We aim to act as a catalyst and an incubator for new ideas and innovations that can be processed for commercialization. We are also providing an E-cell outlet for the cultivation of entrepreneurial zeal and creativity of future entrepreneurs at SCC and equipping students with necessary skill sets and knowledge to embark on the journey of entrepreneurship. We, thus, aim to build a foundational platform for students to develop a strong network of entrepreneurs, business schools, government and multilateral organizations, experienced faculty, resource infrastructure and other organizations involved in developing an entrepreneurial environment. In the last academic session, an Add-on Course with Internship on “Katha and Batik Stitch” also started. Under this several successful Hands On

Best Practices of the College

1. GREEN INITIATIVE IN THE CAMPUS:

The college has promoted a variety of activities to help protect the environment and sustain its natural resources. The college is a no smoking zone and is also a plastic free campus. The college has a partially paperless office and e-library. The college has addressed its bio-waste disposal problem by vermicomposting. The solid wastes generated from the college canteen are used in vermicomposting pits to generate compost which is used in college gardening purposes. Also, in the area of water conservation the laboratories have their runoff water attached to tanks. The stored water is used for the same purpose. The e-waste generated in the college is managed by a certified company from whom college receives a certificate for e-waste management. The Department of Microbiology makes use of certain specialised bacterial isolates for treatment of dye waste water produced during specimen staining. During rainy seasons we collect the roof rain water through filter fitted pipes in a reservoir and use it later during fire drill, washing the campus and gardening purpose. Recently the college has constructed rainwater harvesting structure at premises no. 3 Urquhart Square. The college has installed solar panels on the roofs which generates approximately 900 kWh of electricity per month. The college has also installed LED facilities in classrooms, seminar room and examination room of the main campus and also in the Jubilee building.

2. FACULTY DEVELOPMENT INITIATIVES:

Keeping in tune with the changing education scenario the college has adopted various initiatives to continuously upgrade the faculty members through various Faculty Development initiatives (funded by the College and UBCHEA). This is a continuous effort on the part of the college.

3. STUDENTS' ACTIVITY CLUBS:

Activity Clubs are the cultural wing of Scottish Church College that brings students together under the umbrella of extra-curricular activities. It provides a vibrant platform for self-expression, creativity and collaboration beyond the classroom. The Cell comprises various clubs like Photography Club, Drama Club, Literary Society, Debating Society, Painting Club, Quiz Club, Western Music, Eastern Music, Western Dance and Eastern Dance.

The Western Music Club actively represents the college in various inter-college music competitions across Kolkata. The Painting Club of Scottish Church College is a community where individuals indulge in various artforms and art styles. The Literary Society of Scottish Church College provides a vibrant platform for students to engage with literature through discussions, readings, debates, and creative expression. The Photography Club holds regular Photo-Walks, focuses on various genres like street, wildlife, landscape, portrait etc. The Drama Club actively engages in stage plays, street plays; alongside active engagement with professional theatre groups. The Debating Society takes part in MUN, intra-college debates and public speaking. The Quiz Club organises intra-college quizzing sessions; quiz fests and knowledge-based events.

The Activity Clubs are a platform where talents are shaped; passions become real and dreams can be touched.

4. SCC Faculty Research Grant (SCCFRG)

The college provides funds to full time faculty members to pursue research work through SCCFRG. The faculty members are expected to publish the work in reputed academic journals or as book chapters after completion of the project. Till date more than 10 faculty members have received the grant.

The college also provides financial assistance to faculty members for presenting research papers at national and international conferences by supporting registration fees and travel expenses

5. STAFF WELFARE FUND:

The Teachers' Council of the college maintains a separate Staff Welfare Fund. Every month each substantive teaching staff contributes to the fund. The fund is exclusively maintained for medical exigency of teachers. So far, two faculty members have benefited from this fund.

6. DIVYANGJAN FRIENDLY CAMPUS:

The college is committed to providing an inclusive and accessible campus for Divyangjan (persons with disabilities) by ensuring a supportive environment for all.

7. CELEBRATIONS:

The college organises professional ethics programmes for students and staff members, celebrates several national and international commemorative days, events and festivals throughout the year with an aim to inculcate human values among everyone.

8. 'SABUJMON':

One of the remarkable best practices of the college is running an informal school 'Sabuj Mon' for underprivileged children from neighbouring slums in the College ground at Bagmari. The school is mainly supported financially by teaching faculties of the college. Apart from remedial classes, the children are also encouraged to participate in various co-curricular activities. During the COVID-19 pandemic, the teachers of the college generously extended financial support to the families of these children throughout the lockdown period.

9. NATURE CLUB:

Scottish Church College nature club is an organisation under the Activity Clubs of the College, here students and teachers come together to organise various activities and college events to increase their understanding and appreciation for nature and to create awareness regarding the consequences of human activity on the natural world. This club was inaugurated on 5th June 2021 on the occasion of World Environment Day by our Principal Dr. Madhumanjari Chaubey née Mandal. The members of the club regularly organise various events like campus cleaning, tree plantation, setting up of artificial nests, food bowl, bath bowl for birds, segregation of waste etc. The club in collaboration with Internal Quality Assurance Cell and the three life science departments of the college have organised many seminars, webinars, photography, slogan writing, poster painting competitions, quizzes etc. to observe important days such as National Science Day, World Earth Day, Bio-diversity Day, World Environment Day and World Conservation Day. To create awareness among people about the need to preserve the environment, the wildlife and our natural resources, the college had adopted Bengal fox on 1st December, 2024, from Alipore Zoo Authority for a period of one year.

OTHER IMPORTANT PRACTICES

Other important practices in operation in our college include Parent-Teacher Meets, regular departmental and interdepartmental seminars, value education and numerous academic extension activities by our teachers, all of which have contributed much to the development of the college.

THE SCOTTISH CHURCH COLLEGE FORMER STUDENTS' ASSOCIATION

Founded in 1955, the Association endeavoured to bring together all the former students who had passed through the hallowed portals of this great institution, renowned for its tradition of liberal education, at a time when there was no access to social networking platforms which would have made communication easier. As a result, eminent personalities from various fields – social, cultural, administrative and the academia came together under one umbrella joined by their love and loyalty for their alma mater. From a humble beginning, till date the Association has tried to help the College in many ways – by instituting annual awards in the name of two great alumni – namely, Swami Vivekananda and Netaji Subhas Chandra Bose – to be given to two distinguished former students; organising other prizes to motivate current students; donating books as well as bookcases in the library etc. The Association, founded in 1955 and formally registered in 1989, officially became an integral part of the College administration in 2018-19. The former students may now join the former students association very easily through the college website via the alumni connect tab on the homepage. The responsibilities and challenges facing the Association are many and varied in today's dynamic academic scenario but through co-operation and sincere effort, we hope to fulfil the expectations of the College and our members. A number of departments of the college have alumni reunions. The Chemistry, Economics, Political Science, Bengali, Botany, Physics, Philosophy and Microbiology Departments organise reunions bi-annually/annually. Other departments viz., Computer Science and Teacher Education are in the process of setting up their Departmental Alumni Associations.
