To Whom It May Concern

We are glad to state that Ms. Minati Hembrom from Scottish Church College, Kolkata, successfully completed her internship at International S.T.E.A.M Research (ISR) from September 16, 2021 to October 29, 2021, based on the official recommendation by Dr. Madhumanjari Mandal, Principal of the College.

The internship location was at the ISR Centre at 36/1, Jhowtala Road, 2nd Floor, Kolkata 700019. During the internship they were exposed to various integrated Science, Technology, Engineering, Art & Mathematics (S.T.E.A.M) activities related to Experiential Education which would empower them to be facilitators capable of holistic formation of future-ready students.

The attitude and skill to consistently applying past knowledge and experience to new situations are what the future will demand. Hence a lot of emphasis was laid on hands-on activities using futuristic technologies such as Applied Coding, Augmented Reality, Artificial Intelligence, Internet of Things, Drones, Robotics, Mechatronics, Design Thinking etc during the internship.

The progress of Ms. Hembrom was monitored on a daily basis by ISR Experts, using the ISR S.T.E.A.M CRM 360 Rubrics. She performed exceptionally well and was found to be applying the 4Cs of the 21st Century Work-Life skills, i.e. Critical Thinking, Communication, Creativity and Collaboration throughout her period of internship at ISR.

We wish Ms. Hembrom all the best in her future endeavours.

Thank you

Report on Microbiome Food Festival

Date: 08th April, 2022

Time: 13:30 hr onwards

Venue: Scottish Church College Campus, Main Building

The Microbiome Food Festival was organised by the department of Microbiology in collaboration with Microbiologists Society India. A total of 216 students and teachers attended the event. The main objective of the event was to spread awareness on the vast role of microorganisms in preparation of several food items which ultimately increases the quality of the food product. The students of the department prepared and exhibited several food items like idli, cheese, yogurt, kimchi, sauerkraut, bread, cake, kambucha, pickles, etc. All the stalls in the Microbiome Food Fest tried to exhibit the use of fermentation in preparation of all the dishes. The feedback of this festival came out to be extremely helpful and encouraging for the students. Professors from different institutions visited the stalls and tasted the food. They were satisfied by the presentation given by the students on the microbial activity in making food items. The students of nearby schools who visited the stalls not only enjoyed it but also got the knowledge about the microbial activity in food products.

**Report on Model Competition organised by Department of Microbiology
In collaboration with Microbiologists Society, India
Date: 28th November, 2022
Venue: Seminar Room, Scottish Church College**

A model competition was organised by the department of Microbiology on the topic 'Basic Aspects of Microbiology' in collaboration with Microbiologists Society India. A total of eighty four students had participated in the competition. The main objective of the event was to encourage students to design various models for proper understanding of the subject and also to create scientific attitude and passion for science. The chief guest of the event was Professor Dr. Dhrubajyoti Chattopadhyay, Vice Chancellor of Sister Nivedita University. Dr. Swapna Mukherjee, President of MBSI, (West Bengal Chapter) was also present at the event and judged the competition along with Professor Chattopadhyay.
