Annual WGDC Action Plan 2022-2023

The Women and Gender Development Cell of the College intends to sensitize the students and faculty members about gender-related issues; the main motto is to increase the awareness of about the issues such as gender-inequality, LGBTQI+ rights, sexual harassment and domestic violence. It also tries to provide a safe space to its students and faculty members against any form of sexual harassment. The annual action plan of the Cell includes seminar, workshop and lecture on gender and women related issues and tries to place it into the larger socio-political and cultural contexts. The Cell also makes an initiative to involve the students and faculty members of the college into these activities and provides the students a platform to present their views and research papers.
