## **GREEN BIO-MERGE 2024**

Brainware University, a part of the distinguished Brainware Group, with a legacy of 34 years in Education, stands as a beacon of research, innovation and quality education in West Bengal. Established in 2016, our University embodies the ethos of making quality education accessible across societal strata, fostering successful careers and nation-building.

The Department of Biotechnology at Brainware University, established in 2018, is a hub of cutting-edge research and innovation. With a focus of interdisciplinary collaboration, our esteemed faculties and talented students strive to unravel the mysteries of life through biotechnological advancements.

The Green Bio-Merge 2024 International Conference will delve into the integration of biotechnology and entrepreneurial innovation as key drivers for health enhancement. This year's conference agenda is meticulously curated to offer a dynamic fusion of expert presentations and interactive discussions. Emphasis will be placed on sustainable methodologies, cutting-edge biotechnological developments in healthcare and pioneering entrepreneurial approaches to foster community health.

We are happy to invite the respected faculty members and the students of Bio Science and Biotechnology of your esteemed college of 5th Semester to be a part of this seminar on 22nd – 24th February 2024. It will help them to be the part of a confluence of ideas and innovations in the realm of ideas and innovations on different aspects of biotechnology and bio-science.
