- Half-tuition Scholarship : HK\$83,500 per academic year (renewable)

Galymzhan Serikzhan
(Kazakhstan)

Bachelor of Education
(Honours) (Science)

Throughout my university journey, starting from my first year, I actively pursued internships in various companies and industries, gradually narrowing my focus to the field of education in later years. In total, I completed seven valuable internships, two of which were organized by EdUHK as part of my school placements, while the remainder were either facilitated by EdUHK or independent summer internships. These experiences provided me with a broad and in-depth understanding of my interests and areas for personal growth. The years spent at the university have equipped me with a range of professional and life skills at an early stage of my life. I am extremely satisfied with the path I have taken and am now approaching graduation with a sense of fulfillment.

Kato Yuka
(Japan)

Bachelor of Art (Honours) in
Language Studies and Bachelor
of Education (Honours) (English
Language)

I chose EdUHK because it has well-structured programmes for students and it is ranked among the top universities for Education in Asia. One of the major things I experienced at EdUHK is the passion people have for education, including the teachers who model for us, our seniors who guide us, and our peers who inspire us to improve ourselves. I would recommend others to study here because there are plenty of things to learn, for example, the intra- and extra-curricular activities could help one grow academically and socially.
